Curtin University

26-04-2024

Curtin University

What I Did This Week:

- Built .exe file for windows
- Deployed appimage file for linux

Curtin University

What I Understand Thus Far

- Increasing disk size for virtualbox
- Static Linking for OpenCV
    - building OpenCV statically
    - using CMake to build a release version of the program
    - using linuxdeploy to package an appimage

Curtin University

Thank you!
